

# Welcome to The Toileting Program!

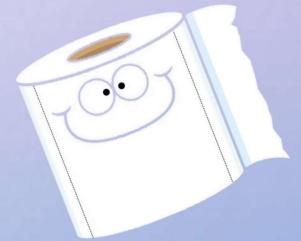

Hi! My name is Flush. I  
am new to The  
Toileting Program just  
like you!

I had my first visit today  
and I took lots of pictures to  
show you what it was like!

First, my caregiver  
and I arrived at 2  
Brookline Place. Have  
you been there  
before?

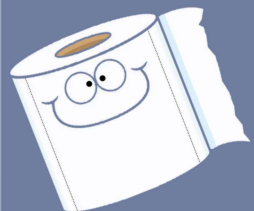

When we walked into the lobby, the nice man at the front desk told us where to go!

Then, we went to the elevators. I love pressing the buttons myself! The Toileting Program is on the 4<sup>th</sup> floor!

When we got off the elevator, we went to the front desk where they gave me a bracelet with my name and birthday on it!

While we were waiting for my name to be called, I got to color Mickey Mouse! They have lots of coloring pages!

Then, one of the clinical assistants called my name! I followed her through the door.

The clinical assistant wanted to know how tall I was and how much I weighed. I stood really still while she measured me.

Then, she wanted to check my blood pressure. To do that, the green wrap gives my arm a hug! It hugs my arm tight but doesn't hurt!

I did such a good job standing still that I got to pick a prize out of the prize box! Do you like what I chose?

I went back out to the waiting room and continued my drawing.

Then, my provider called my name! I was excited to meet them.

We went to another room and talked about the bathroom and how my body works.

We came up with jobs for me to do at home! If I do the job, I get a sticker on my chart!

Then, my provider felt my belly and listened to my heart.

I did so well that I got  
to pick **ANOTHER**  
prize!

All done! I can't wait to come back next time and show my provider how well I did on my jobs!

I will continue to visit my provider until we decide I've learned everything I need for using the potty.
